

# Hunter HDMI 2.1 Active Optical Cable Armoured AOC 5M 8K

## Data Sheet

Hunter HDMI 2.1 active optical  
cable Armoured AOC 5M  
8K@60Hz-9095

# Hunter 8K Active Optical cable

# 8K

## Product Introduction

Hunter HDMI 2.1 Active Optical Cable (AOC) 5 M, a cutting-edge solution designed to meet the demands of high-definition audiovisual installations. This Armoured AOC ensures unparalleled signal integrity and reliability over extended distances. From immersive 8K visuals to immersive audio experiences, the Hunter HDMI 2.1 AOC 5 M sets a new standard for long-range HDMI connectivity.

## Features

- **High-Speed Data Transmission:** Supports HDMI 2.1 specification, providing a bandwidth of 48Gbps for smooth transmission of high-definition audio and video signals.
- **Ultra HD Resolution:** Capable of delivering crisp and clear 8K resolution content at a smooth 60Hz refresh rate, ensuring immersive viewing experiences.
- **3D Video Support:** Capable of transmitting 3D video content, providing an immersive viewing experience for compatible displays and content.
- **Zinc Alloy Gold Plated Connectors:** Offers corrosion resistance and optimal signal transfer, ensuring reliable connectivity over time.
- **HDR10 Support:** Enables High Dynamic Range (HDR) content playback, allowing for enhanced contrast and vivid colors for a more lifelike visual experience.

## Specifications

Model	9095-HUH-8KARAOC-MM-5M
Type	HDMI 2.1 Active Optical Cable/Armoured
Length	5Meters
Maximum Resolution	8K @ 60Hz
Bandwidth	48Gbps
HDCP Compatibility	HDCP 2.2
Color Space	4:4:4
Audio Support	ARC (Audio Return Channel)
Connector Type	Zinc Alloy Gold Plated HDMI Connectors
Armoured Construction	Steel Helical Armoured Interior
Jacket Material	PVC
HDMI Version	HDMI 2.1
HDR Support	HDR10

## Applications

Security Monitoring System

Medical Imaging System

Exhibition Hall

Auditoriums
